[CV]: V. Provopoulos

Vasileios Provopoulos

Student, Avid Linux User

- e: p18prov@ionio.gr
- w: git.io/p18prov
- m: 2661087760
- d: Save & Print

Profile

I am an undergraduate student from the Ionian University seeking to leverage strong skills and expertise in software engineering. I have experience working as part of a team and I used the advice passed on by my supervisors to mentor struggling individuals.

Projects

Python-CLI launcher for MMORPG

Hobby project, 2019 - Present

A command-line application written in Python that utilizes the game's public API to log in to game on Linux distributions. Accounts protected with two-factor authentication are supported.

Collaborative development of CSCW website

Mobile and Social Media course, 2020

An alternative (unofficial) website written in HTML, CSS & JS and hosted on Github for the Department of Informatics.

Airlines Reservation System

Databases I course, 2020

A reservation system based on Airlines requirements with schematics in UML and a GUI application written in Python with PYQT5 framework.
